How to pay

Direct Debit - it's the easiest way to pay
Setup a Direct Debit by downloading the Direct Debit Instruction (DDI) from our website **edfenergy.com/billing**. Fill this in and send it to: **Freepost EDF CUSTOMER CORRESPONDENCE**

BACS or CHAPS
You can transfer money straight into our account either by BACS (Bankers Automated Clearing System) or CHAPS (Clearing House Automated Payment System). Our account details are as follows.

Account Name: **EDF Energy Customers Ltd**

Sort Code: **40-05-30**

Account number: **44151844**

Bank: **HSBC Bank plc, 60 Queen Street, London, EC4N 4TR.**

IBAN Number: **GB25MIDL40053044151844**

SWIFT Code: **MIDLGB22**

If you want to pay by BACS or CHAPS, you need to arrange this through your bank. Once you have arranged the transfer, let us know by sending an email to **remittanceadvices@edfenergy.com.** Your email must quote your 10-digit EDF Energy account number shown on the front of this bill. For more information on how to pay, visit **edfenergy.com/billing-payments**

Be aware of scams that falsely tell you about a change in payment details or payment method. If you're unsure, please get in touch with us to check.

Debit card or credit card
To pay by debit card or credit card, phone the revenue management team on **0845 302 7113***. Please allow ten working days for your payment to be processed.

At a bank or building society
You can pay by cash or cheque at a bank or building society. It can take up to ten working days for the payment to reach us.
Please note, you may have to pay a fee at some banks and building societies.

Get in touch

Got a question about your bill?
If you'd like to know how your bill is calculated, visit **edfenergy.com/billing** or call our Customer Services on the number shown on the front page of this bill.

MyBusiness
You can also register for our free MyBusiness service on our website **mybusinessaccount.edfenergy.com**.

This service lets you check your account information, download your bills, give us a meter reading and get consumption data.

Making a complaint
Please get in touch with your dedicated customer services team if you have a complaint. They will do everything they can to put things right as quickly as possible. Go to **edfenergy.com/complaints** for our full complaints procedure.

If you're a small business or microbusiness customer
If your complaint isn't sorted after eight weeks or you've received a 'deadlock' letter, you can get in touch with the Energy Ombudsman. The service is free and independent, and any decision the Ombudsman makes is binding on us - not you.
Call **0330 440 1624** (Monday to Friday 8am-6pm); email **enquiry@energyombudsman.org**; Visit **energyombudsman.org**
If you're a small or microbusiness customer who has appointed a TPI, they'll be a member of a qualifying dispute settlement service and can direct you to that service. If you're unable to contact your TPI, you can contact us at edfenergy.com/complaints

More support

Citizens Advice and Advice Direct Scotland
If you're a small business or microbusiness consumer, you can get help with energy problems. This includes issues with your bills or meters, or if you're struggling to pay for your energy.
If you live in England or Wales, go to **citizensadvice.org.uk/energy** or contact the Citizens Advice consumer service on **0808 223 1133**. Calls are free.
If you live in Scotland, go to cas.org.uk, or contact your Local Citizens Advice office. If you live in Scotland, you can also contact Advice Direct Scotland on **0808 196 8660** or visit **energyadvice.scot** Calls are free.
If you need specialist support to resolve your energy problem, Citizens Advice and Advice Direct Scotland can refer you directly to the Extra Help Unit Service.

Small business definition
- Fewer than 50 employees or their full-time equivalent and an annual turnover of at most £6.5 million or a balance sheet total of £5.0 million. or
- An annual consumption of electricity of not more than 200,000 kWh or
- An annual consumption of gas of not more than 500,000 kWh.

Microbusiness definition
- An annual consumption of electricity of less than 100,000 kWh **or**
- An annual consumption of gas of less than 293,000 kWh **or**
- Fewer than the equivalent of ten full time employees **and**
- An annual turnover or annual balance sheet total not exceeding £2 million

Are you moving?
If you're moving premises, let us know by filling in the form on our website **edfenergy.com/movingbusiness**, or you can phone **0845 366 3664*** for more advice.
Please have the MPAN or MPR numbers shown on your bill to hand so we can deal with your enquiry. You'll need to give us written notice at least 28 days before you move so that we can make sure your final bill is accurate. You'll also need to provide a final meter reading and a forwarding address.

Do you need a new supply business connection?
The easiest way to set up a new connection is by filling in the form on our website **edfenergy.com/new-connection**. Or email **newsupply@edfenergy.com**. Alternatively, call us on **0845 366 3664***.

Useful information

For more information on our products and services, go to the website at **www.edfenergy.com/largebusiness**.
Helping Britain's business and public sector achieve Net Zero. For more information visit **edfenergy.com/net-zero-business**

Site access
We take the safety of all our customers very seriously. That's why our representatives who visit customers are highly trained and always carry identification. If you'd like more information on our obligations when visiting premises, phone us on **0845 366 3664***.

Electricity and gas theft
Energy theft, carried out by interfering with meters or connections, increases costs to our customers. This means higher bills, which affects everyone. Energy theft is a criminal offence and can be extremely dangerous. If you suspect someone is stealing electricity or gas, or both, call the **stayenergysafe** reporting line on **0800 023 2777** or via **stayenergysafe.co.uk**. It will be looked into urgently and your call can be kept confidential. Alternatively, contact us directly on **0333 200 5100**.

Certified by Afnor UK

This document is fully recyclable
The paper used is made from 50% recycled waste paper and 50% fibre from well-managed natural resources.

The small print

Your Privacy
We respect your privacy and are committed to providing you with a clear understanding of how we use your data. To find out about the ways in which we protect and use your data, please visit our Privacy Notice and Policy at **edfenergy.com/yourprivacy**
If you'd like a hard copy of the privacy policy you can contact us on **0333 200 5100** and we'll post it to you.

VAT
Value added tax (VAT) is charged on your energy bills . If you can claim VAT relief for domestic or charitable non-business use, you need to fill in a declaration form, which is available on our website. For more information on VAT relief and the declaration you must make, visit HMRC's website at **HMRC.gov.uk**.

Climate Change Levy (CCL)
Climate Change Levy (CCL) is a tax on the energy used by businesses. It aims to encourage users to be more energy efficient and reduce waste. Your CCL charge will take account of any PP11 Supplier certificate you have. Our CCL registration number is: 523 0412 02 0000.

For more information on CCL, visit the website at **HMRC.gov.uk.**

EDF Energy
EDF Energy is a trading name used by EDF Energy Customers Ltd, Reg. No. 02228297 whose Registered Office is at Nova North, 11 Bressenden Place, London, SW1E 5BY, incorporated in England and Wales. EDF Energy Customers Ltd is responsible for meeting the supply obligations for all EDF supply contracts.

Smart metering for business
We're now introducing smart meters for our non half-hourly business customers, which can help you save time and provide more accurate bills from automated meter readings. For more information, visit **edfenergy.com/smartmeter-business**

Access to your consumption data
You can access your data by logging into your MyBusiness account:
edfenergy.com/mybusiness
If your consumption data is not available, please contact your customer service team (information on top of your invoice).
By learning about your energy usage, you can potentially lower your carbon footprint and your bills.

Our fuel mix

Every year we must publish details of the fuel sources that have been used to generate the electricity we supply to our customers.
The information in the table below covers our supply licence for EDF Energy Customers Ltd for the period from April 2024 to March 2025.
Our customers' electricity is sourced from our own UK power stations, the wholesale energy market and other independent power generators. We are a major supporter of independent renewable generators.

The figures for UK average fuel mix are provided by the Department for Energy Security & Net Zero (DESNZ).

Depending on the tariff you are on, the fuel source and carbon emissions associated with the generation of your electricity may vary.

For more information on our fuel mix, visit **edfenergy.com/fuelmix**

	Coal	Gas	Nuclear	Renewable	Other	CO_2 g/kWh	Radioactive waste g/kWh
EDF's fuel mix	4.2%	21.0%	54.8%	18.2%	1.8%	135	0.0038
Contribution to our carbon emissions	28.3%	59.3%	0.0%	0.0%	12.4%		
UK average fuel mix	5.9%	33.3%	16.2%	42.1%	2.5%	154	0.0011

Extending or Terminating your contract
If you're on a fixed or flexible contract, the Charges stated in your Contract Information Pack (CIP) will automatically end on the Earliest Termination Date shown in your CIP. You may write to us at any time up to the Earliest Termination Date to confirm that you don't want to be transferred onto our Extended Supply Charges and would like to switch to a different supplier. If we don't hear from you by the Earliest Termination Date, you'll automatically move onto our Extended Supply Charges. You'll remain on Extended Supply Charges until you either agree another supply contract with us or transfer to another supplier, which you can do at no cost to you (as long as you have no outstanding balance on your account). These Extended Supply Charges are variable and typically higher than the charges found in your CIP.

For emergencies

Power cuts
Check your trip switch to make sure it's switched on. If it's off, try switching it back on. If the switch moves back to the off position you may have a fault with an appliance or circuit in your property.

Do not touch any fuses or trip switches that show signs of burning or if there is any black tar leaking. If this is the case, or if your trip switch is on but you have no power anywhere in your property then please call the emergency number shown at the top of page 1.

*All phone calls to and from us may be recorded for monitoring or training purposes. Calls to 0845 numbers will cost up to 7p per minute plus your standard network charges. The price of calls may vary with other operators and calls from mobiles may be considerably higher. Please check with your operator for exact charges.
